

SORCERERS'

Maps of the MAGIC KINGDOM

Greetings, Sorcerer!

These maps will help you find all my Mystic Portals!

I created these Portals to sense the misdeeds of Villains and defeat any Evildoers!

On your maps, you will see magic symbols. That is where you will find my Portals.

When you are at a Portal and a magic symbol appears, find that symbol on the maps. You must immediately travel to that Portal.

Once you find and open a Mystic Portal, stand on the Circle of Power and defend the realm!

That's all for now! Good luck! I'll meet up with you along the way!

Merlin

Fantasyland

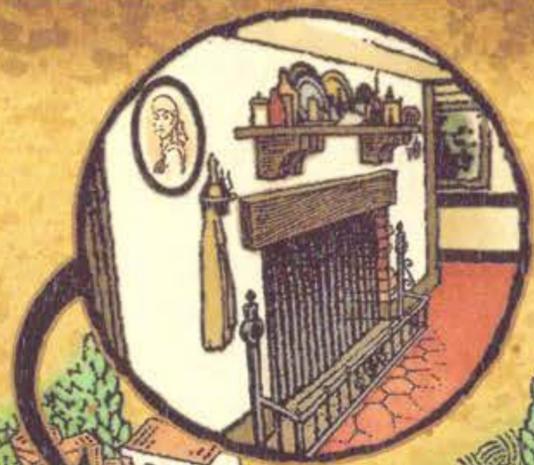

There is no realm more enchanted than this! From its beautiful castles to the quaint villages nearby, magic is everywhere in Fantasyland. But don't let the majestic splendor of this realm distract you. Stay vigilant, Sorcerer! This is the heart of the Magic Kingdom. It must be guarded!

Adventureland

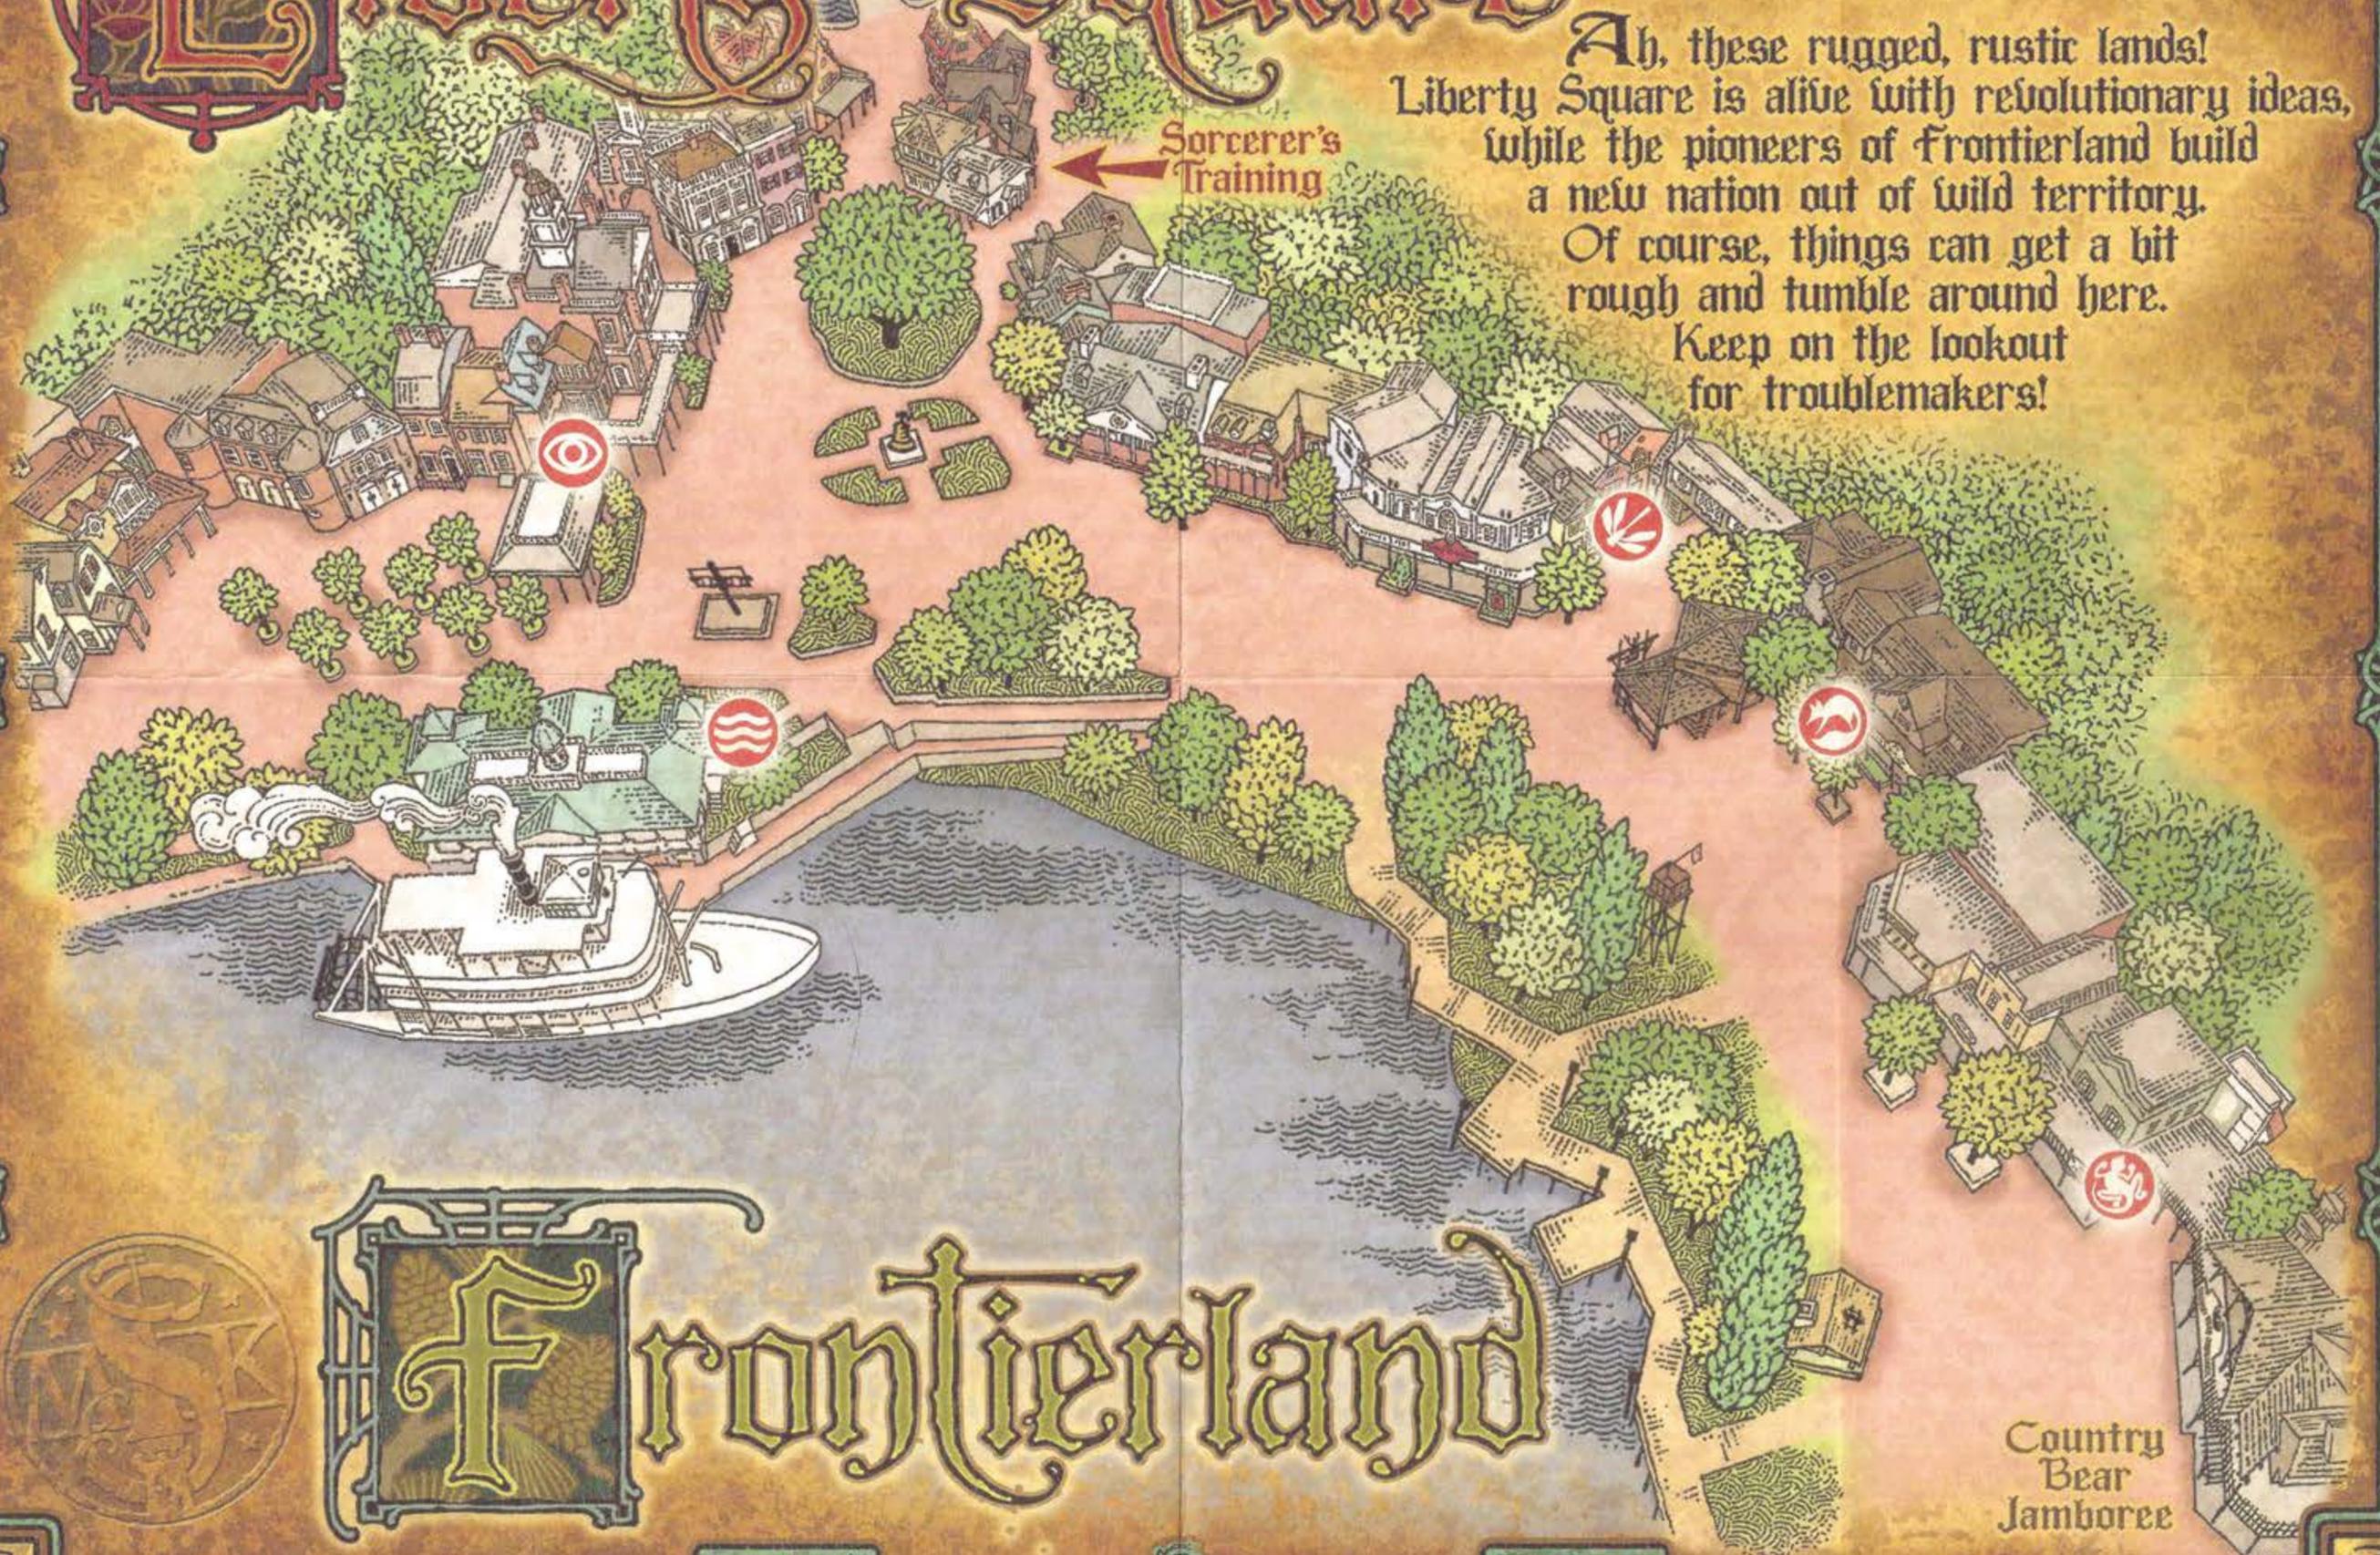

Swiss family
Treehouse

Prepare to face the unknown, Sorcerer!
Adventureland is a place of mystery.
Why even my most powerful magic cannot reveal all its many secrets.
Keep your wits about you!
Who knows what hides within these jungles?

Liberty Square

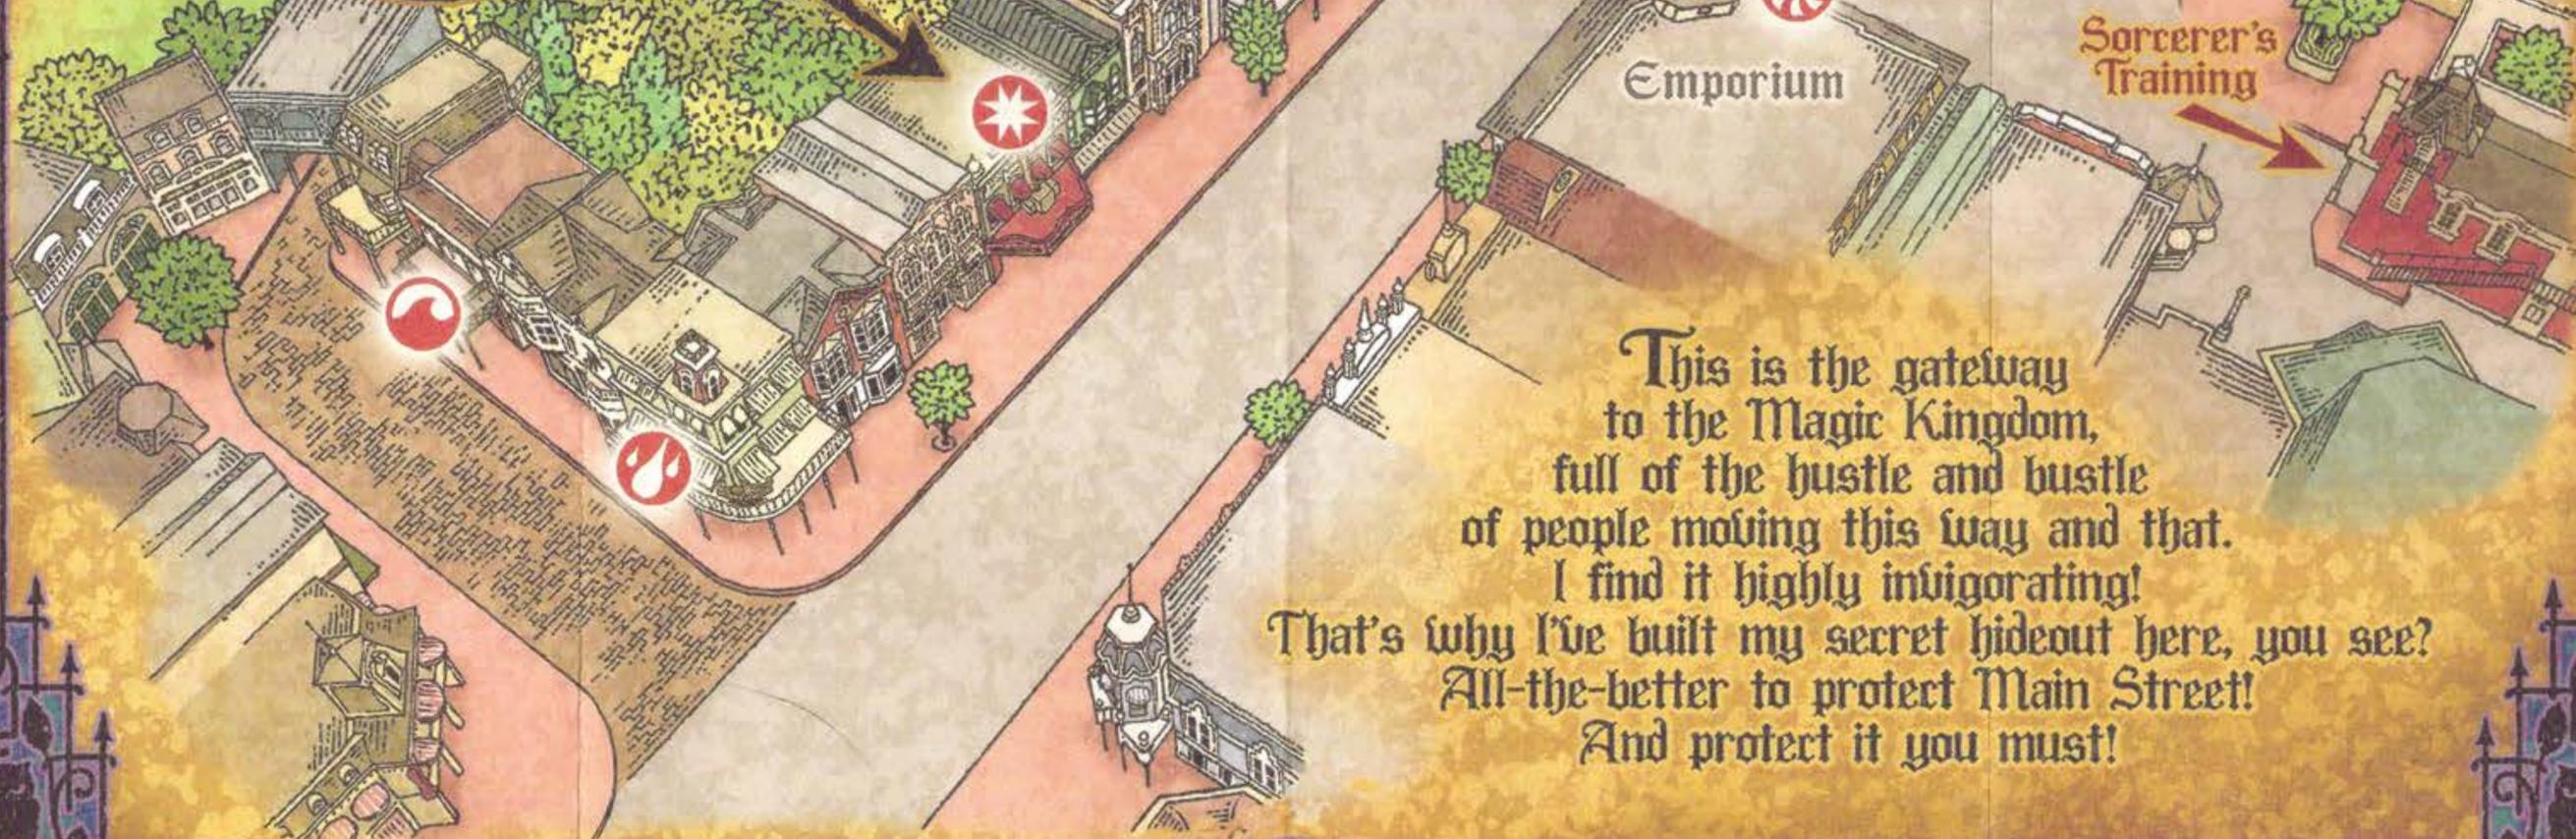

Ah, these rugged, rustic lands! Liberty Square is alive with revolutionary ideas, while the pioneers of Frontierland build a new nation out of wild territory. Of course, things can get a bit rough and tumble around here. Keep on the lookout for troublemakers!

Sorcerer's Training

Country Bear Jamboree

Main Street, U.S.A.

This is the gateway
to the Magic Kingdom,
full of the hustle and bustle
of people moving this way and that.
I find it highly invigorating!
That's why I've built my secret hideout here, you see?
All-the-better to protect Main Street!
And protect it you must!
